ATTACHMENT A SCOPE OF WORK

Background Information:

The Superior Court of California, County of Santa Barbara (Court) is in the final stages of completion of a new building in the Santa Maria Courthouse Campus. Court is in need of window coverings throughout the new building.

The Court is seeking recommendations on cost efficient window covering solutions for the entire building. Window treatments should complement the interior design of the building aesthetically blending with the finishes of the walls, floors and counters as well as furnishings throughout. A color board of furniture finishes will be available for viewing on the day of the site walk.

The window treatments are intended in many instances to provide privacy. There is one conference room on the second floor which may require room darkening treatments but evaluation of this room should be scheduled into the contractors time for taking measurements and a recommendation should be included in any proposed bid. Vendors are expected to evaluate the need for climate control by use of window treatments. Recommended materials should be of sufficient quality to last a reasonable life in a commercial office setting which operates on a year round basis on a normal 8-5 work schedule.

Several photographs of doors and windows are attached for illustrative purposes only. This is not an exhaustive representation of the windows and doors throughout the building. Bidders are required to validate the number and size of all windows and doors proposed to receive window treatments.

Some window treatments will be located in public lobbies of the building. Cords, controls and treatments should be of such a design that they are not accessible to public tampering.

Window Coverings are needed for the following doors and windows located in the new building:

| | Exterior Doors | Exterior Windows | Interior Doors <i>(Wood Doors with Large Glass Panels)</i> | Interior Windows <i>(Located in many of the private offices within the building)</i> |
